

Bethel Baptist Church, Troy IL

Communications Plan for Inclement Weather

Purpose: During the year, especially the winter months, conditions may arise when for the safety and well being of the congregation, scheduling for planned services and activities may need to be adjusted. This Communications Plan is to provide Bethel Baptist attenders with information regarding how they may become aware of any changes made.

Audience: All Bethel Baptist Church members, attenders, and friends

Plan:

- The general policy of Bethel Baptist Church is to open its facilities for worship at all scheduled times, under any weather circumstances.
- However, there may be times when this is impractical due to unforeseen instances of power outages or threatening weather.
- Should such circumstance arise, the decision to alter or cancel scheduled worship (or other corporate events) will be made by the Senior Pastor in consultation with staff and others.
- As soon as practicable, any change to the standard schedule will be communicated in the following manner:
 - The change will be posted to the Bethel Baptist Church Webpage
 - The change will be posted to the Bethel Troy Facebook page
 - The change will be communicated through email through small group leaders
 - The change will be “pushed” to those who have downloaded the Bethel Bold app on their smart devices
 - The change will be communicated for public notice through:
 - KMOX radio
 - Fox 2 Television station
- Bethel members, attenders and friends should look to these sources of notification in the event of threatening weather or other conditions which might possibly impact worship or other corporate gathering schedules.
